Subscription—Canada and Other British Possessions, \$1.50 per year

LABRADOR REFRIGERATORS
Ice and Food Savers

Sour Milk, Soft Butter, Meat that has deteriorated and not fit for use, is not only a waste but a crime. Sour milk in its place is a food but if we have contemplated its use for dinner or breakfast and it is sour, we are not only disappointed, but it is a loss. Soft Butter may be all right for toast, but there is at least 50 per cent more used than when it is hard and solid.

When warm weather sets in, fresh meat will soon turn, it is not fit for use therefore is loss.

All these things can be corrected with a Labrador Refrigerator. Sweet milk, solid butter and fresh meat. To see one is to want it. You will at once notice the heavy baked white enamel interior, well supported shelves and strongly constructed door, fitted with a wedge lock, which keeps the door tight and saves ice. It is a piece of furniture that will last a long time, and give every member of your home a heap of satisfaction.

Prices range from \$20.00 to \$30.00

JUNE

HERE IS THE DAY YOU REGISTER

On June 22nd, Saturday, every man and woman, resident in Canada, who is 16 years and over, must attend at one of the places provided for registration, between the hours of 7 a.m. and 10 p.m., and there truthfully answer all the questions set forth upon the registration card. Upon signing the card, vouching for the accuracy of the answers, the man or woman will receive a Registration Certificate, as shown below, which must be carried upon the person thereafter.

Why the Certificate is so Important

For failure to register a maximum fine of \$100 and one month's imprisonment is provided, also an added penalty of \$10 for each day the person remains unregistered after June 22nd.

Persons remaining unregistered cannot lawfully be employed, and cannot draw wages for work done after June 22nd. Employers who keep unregistered persons in their employ will be liable for fines equal in amount to those recoverable from the unregistered employees.

Unregistered persons cannot lawfully purchase transportation tickets, and may find themselves

barred from travelling on railroads, steamboats, etc. Similarly they may be denied board and lodging at any hotel, restaurant, public house or boarding house. In a word—All persons remaining unregistered, and all persons having dealings with unregistered persons, knowing them to be such, incur heavy penalties under the law.

REGISTRATION IS LAW—
Don't Fail to Register.

This Certificate is YOUR Protection.
Get it and Carry it

WHERE TO REGISTER ON 22nd OF JUNE

Arrangements for the National Registration are now complete so far as Lacombe is concerned. Two booths will be opened in the town. All citizens living north of Barnett avenue shall register at the New School, while those living south of the avenue shall register at the Town Hall. Visitors and strangers who may be in Lacombe on June 22nd shall register at the town hall. Every citizen of Canada no matter of what nationality, must register on June 22nd, if they are sixteen years or over.

RED CROSS REPORT FOR MAY 1918

The Red Cross acknowledges with thanks the following contributions of finished work:

Lacombe, 78 pairs sox, 33 suits pyjamas, 3 operating goggles, 22 many tailed bandages, 18 stretcher caps.

Lakeside, 14 pairs sox, 4 suits pyjamas, 2 eye bandages, Lochinvar, 4 pairs sox, 4 suits pyjamas.

Iowalta 12 suits pyjamas. Central, 13 pairs sox, 2 suits pyjamas.

Fairview, 3 suits pyjamas. Total, 87 pairs sox, 68 suits pyjamas, 3 operating goggles, 18 stretcher caps, 22 many tailed bandages, 2 eye bandages.

After paying local bills for material, money was sent to Provincial Branch as follows:

Material for Red Cross work \$200.00

Pte. Higgins, prisoner of war \$15.

Filling Kit Bags \$18.00

Prisoners of War Fund \$133.50

General Red Cross Supplies Fund \$133.50

Total \$500.00

STROME BUSINESS SECTION BURNED

Strome, Alta., June 12.—A disastrous fire started this morning in the pool room here, and took with it the Overland garage, post office, pool room and restaurant. It then jumped the alley and took a large barn housing Ford, Maxwells and Grey Dorr Cars. The light breeze and strenuousness of the work of the men in town saved the rest of the town, and all the motor cars in the area.

Blankets, buckets, and water were all used in the fight to stop the fire. The ruins of the burned portion of the town were still smoldering at a late hour this morning. The telephone service of Strome is out of commission. The loss is placed at about \$18,000, is only partially covered by insurance. The cause of the fire is not known.

POPE REGRETS PEACE EFFORTS INEFFECTIVE AND MISINTERPRETED

Rome, June 13.—The Osservatore Romano, the Vatican organ, publishes a papal autograph sent in answer to an address received by the pontiff from the Episcopate of Lombardy.

The pope complains of the sad period of the world is going through, and also of attacks from the "enemies of religion in the supreme authority, Jesus Christ." He adds that he is greatly afflicted, "not only by the indescribable horrors of this war, which, without parallel in the history of the world, threaten to drag poor Europe to the bottom of the abyss, but also by an insidious and skilful campaign of calumnies and hatred against the person of the pontiff and his work."

The pope, in a recapitulation of his action since the beginning of the war, says that his efforts to bring about peace have been misjudged and misinterpreted, even his silence about this or that crime being calumniously interpreted, his critics not admitting that in the present uncertainty of this blaze of passions it is impossible to inflict condemnation for each crime, while all are included in a condemnation pronounced according to the general principle.

The pontiff regrets that such a campaign has been conducted also against the clergy and Catholics, thus spreading the seeds of discord amongst various classes. The autograph ends with a protest denouncing the campaign, not only to the faithful, but all honest people, wherever they happen to be, and a reaffirmation that it is the pope's duty to defend the sanctity and honor of the church.

J. D. SKINNER IS BADLY INJURED IN AUTO ACCIDENT

Suffering from severe bruises, a bad crushing of the chest and a general shaking up, J. D. Skinner, 11607 10th ave. hospital is at the Royal Alexandra hospital as a result of an auto accident near New Sarepta. The auto turned over, pinning Mr. Skinner under the car. Two companions were thrown out of the auto clear of the car and after some difficulty were able to extricate Mr. Skinner, who however suffered considerably for the seven hours before he reached the hospital and was under the care of Dr. H. R. Smith. The injured man is now resting more comfortably and is expected to recover. Edmonton Bulletin.

TEN PER CENT IS LIMIT OF PROFIT SET ON PRODUCE

Ottawa, June 11.—The Canada Food Board has passed an order which is expected definitely to prevent speculation in the produce

business and to limit profits to reasonable margin over cost. The order provides that on and after July 1st no person dealing wholesale in meats, lard, cheese, butter, oleomargarine or eggs, in selling to a retail dealer, or others not wholesale dealers, shall charge on each transaction more than 10 per cent over its cost price delivered to the warehouse.

When salaried men are employed in buying or when commission is paid, the charge for such commission shall not exceed the recognized charge for buying or the customary commission paid.

In selling to another wholesale dealer the charge on such transaction must not exceed the cost price by more than four per cent. When selling prints of butter which have been moulded or cut by himself the wholesale dealer may be permitted to charge for additional moulding or cutting, but this price must not exceed three per cent of the cost.

In selling or storing eggs that have been candled by himself the wholesaler may add up to three cents per dozen to cover the cost of candling, cases fillers and loss from defective eggs. If he candles eggs for sale out of cold storage he may add not more than labor and loss from defective eggs.

When the produce dealt in has been stored or held for more than 30 days, the cost of holding or carrying may be added to the cost price delivered to warehouse, and the cost of carrying may include storage at public tariff rates, insurance, interest at seven per cent and shrinkage.

The dealer may at any time make a list of separate lots of any articles of produce owned by him showing quantity and cost and the average price so ascertained and the list may be used when selling or storing, for the purpose of complying with the order in its application to limitations of profits and invoicing.

This average price, however, does not apply to products not included in such list. Cold storage and fresh eggs must be listed separately. Copy of all such lists must be mailed to the Canada Food Board within 24 hours after being made.

NEW BANKING HOURS

Beginning on July 2nd, the banks of Lacombe will open for business at 9:30 a.m. and close at 2:30 p.m. Clients of the banks are requested to get their business transacted as early in the morning as possible in order to prevent congestion in the afternoon. On Saturdays the banks will open at 9:30 a.m. and close at 12 o'clock.

During the summer months (July and August) it is the intention of the banks here to close their offices early on Wednesday instead of Saturday, and on Wed-

nesdays they will close at 12 o'clock, keeping open until 2:30 Saturdays.

Premier Clemeunau announces that the Allies now have equal forces with the Germans on the front covered by the latest him drive. This means the drive is ended for the time being. It also means that within a very short time the Allies will be superior in man power there.

Dublin city corporation is complaining because the British authorities are holding prominent Sinn Feiners in confinement and refuse to give them the liberty of correspondence with their friends. In view of disclosures already made and more that have been hinted at in connection with Sinn Fein activities in Ireland, the Dublin complaint will not impress anyone seriously.

A hint from Britain that there will soon appear the armed submarine cruiser with aeroplanes as eyes and that when this time comes the art of war will have reached another stage of frightfulness. The only comfort there is in the statement is that it comes from a British source, which probably means that Britain is back of the idea.

TENDERS FOR COAL

Sealed tenders addressed to the undersigned and endorsed "Tender for coal for the Dominion Buildings" will be received at this office until 12 o'clock noon, on Thursday, June 27th, 1918, for the supply of coal for the Public Buildings throughout the Dominion.

Combined specification and form of tender can be obtained at this office and from the caretakers of the different Dominion Buildings. Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures.

Each tender must be accompanied by a cheque on a chartered bank, payable to the order of the minister of Public Works, equal to 10 p.c. of the amount of the tender.

By order,
R. C. DESROCHERS, Secretary
Department of Public Works,
Ottawa, June 6, 1918.

DECISIVE BLOW IS TO BE STRUCK AT RIGHT MOMENT

London, June 9th (Reuters).—That battles can be won in the end only by the army which takes the offensive is the significant declaration made by Gen. Foch, Commander in chief, commander of the Allies, in an important article by him to the weekly Journal, the Field to which he discussed the problem of the soldier and the way to victory.

"Modern warfare to arrive at its end and impose its will on the enemy," says Gen. Foch, "recognizes only one means—destruction of the enemy's organized forces."

"War undertakes and prepares this destruction by battle, which brings about the overthrow of the adversary," disorganizes his command, destroys his discipline and nullifies his units as far as their fighting power is concerned."

"Our first axiom must be that completely to achieve its object, a battle must not be a purely defensive battle, even well conducted, does not result in a victory. It is simply that which must be begun over again."

From this it is an obvious corollary that an offensive soldier started at the beginning of an ac-

tion or whether it follows the defensive, can only give results, and in consequence must always be adopted at the finish.

To maintain our position is not synonymous with being victorious and even prepares for defeat. If we remain where we are and do not pass to the offensive to fix the direction of the enemy and prevent him from carrying out the same manoeuvre, we must undertake to carry on and sustain numerous combats, each with determined aim.

But since there remains no doubt that decisive attack is the very keystone of a battle, all other actions which make up a battle must be envisaged, considered, or banished, provided with forces in the measure in which they prepare facilitate and guarantee development of a decisive attack characterized by its mass, its surprise, its speed and for which, in consequence, it is essential that there shall be the maximum reserve force possible of troops of manoeuvre. The reserve—that is to say, the prepared bludgeon—is organized and kept carefully instructed to execute the single act of battle from which results are expected, namely the decisive attack.

"Reserves must be husbanded with the most extreme parsimony so that the bludgeon may be strong enough to make the blow as violent as possible. Let loose at the finish without any lurking idea of saving them, with a well thought plan for winning the battle at a chosen point and determined, reserves are thrown in altogether in an action surpassing in violence and energy all other phases in battle, an action with proper characters, surprise, mass, speed. All forces really any unit in need by preparing or carrying it out."

"In this, our supreme aim, we must not be deceived by appearances. Although theory fails when applied by feeble hands and when accessories obscure the main principle, history and reason show us that in battle there is a single argument which is worth while, namely, decisive attack, which is alone capable of assuring the desirable result—the overthrow of the adversary."

19-20 MEN WILL BE ALLOWED TO ENLIST

According to an order issued at local military headquarters, men coming within the proclamation dated May 4 ordering men of 19-20 to register, may voluntarily report for enlistment in any unit in need of recruits providing regulations regarding the category are observed. Any man so reporting must produce a receipt from the registrar, and the latter must be informed by the commanding officer of the unit, in writing, of such enlistments.

No man shall be enlisted without producing documentary proof that he has registered; that he does not come within Class I, or that if he does come within that class, that he has complied with the law. Any man not producing such a proof the order states, should be treated as a defaulter.

A DARING STOP

Tom Jackson, our genial C.P.R. Magistrate, is right in line for a D. C.M. or V.C., and Larry Dorsey can thank heaven that he is alive today. It appears that one day last week Larry with her fiery untamed charger, "Billy", down the avenue, with a cow as a rear guard, when something woke Billy up. The cow and Larry all so woke up and the former beat a retreat, pulling Larry with her, while "Billy" and the milk wagon started off at a terrific rate endangering the lives of pedestrians. It is said by some citizens who are noted for their veracity, that they could actually notice "Billy" moving. Just here Tom Jackson came to the front, and at the risk of his life succeeded in surrounding the unruly steed and bringing him to a standstill, amid the cheers of the excited populace. Larry in future should put chains or a brake on his horse, as once is enough for such a disaster to happen in Lacombe. Larry is still able to be about, but it is said that his hair is now streaked with grey.

ACKNOWLEDGEMENT

The St. John's Ambulance received the following acknowledgement of parcel sent to France:

France, May 5, 1918.

Dear Friends—Thanks very much for the parcel which you sent. It arrived in excellent condition, and is greatly appreciated. Of course I understand that all the socks included could not be intended for one person, and have kept one pair distributing the rest among the boys who needed them. I told them who they were from, and they all include their thanks. One pair went to a young Tommy who is attached to us and who needed them badly. The rest went to the boys of my company. That tin of cocoa was a very delightful addition. When we get in tired and wet we make up a big can of it and it hits the spot. We are having a quiet time now, and there doesn't seem much to write about. We all think this spring's work is a big step towards the end, and are hoping for the time when we return. Yours very truly, Corp. W. E. Nicholson.

FROM THE FRONT

The following letter has been received by Mr. Deffro from "Billy St. J. O'Neill, one of Bentley's well known young men who is fighting in France:

"Was very glad to get your letter. Your trip to the States must have been a nice change, and I am glad to hear from first hand that the U.S.A. are in this with both feet, for the quicker they make their weight felt the quicker this whole rotten show should be over. As you already know things have not been going too well with us, but at present they are looking much better, and I hope by the time you get this the tide will have turned and be flowing the opposite way. It was rather funny you mentioning the candy—was making, as I received it the same time as your letter. Do you know I have eaten none of it since I have been over here than I ate the whole time I was in Canada, so you see I am pretty well looked after.

I will try to give you a little first hand stuff nothing exciting but it will give you an idea of what it's like here at present. We were moving camp for a pretty good reason—it was getting too warm for comfort; shells were coming

over in massed formation. I was made guard on train of baggage and was just pulling out, when I was held up to take a couple of wounded men down with me. They were straight from the front and were both hit in the arm. One fellow was not so badly hurt, and the other had the bone smashed. He claimed it was an explosive bullet that hit him, and the other fellow backed him up, and said he had seen a fellow hit in the hand and saw the sparks fly from the explosive bullet. We had quite a job finding a dressing station but went out of our way to get to the nearest, which happened to be in a little town where we were camped last spring. Then it had been a nice quiet little place well back from the line, but now it has all changed. There were refugees passing through it, mostly old folks, some carrying bundles, some with wagons, pony carts, dog carts, wheelbarrows, and some with nothing. A thing I think I will never forget was an old lady, dressed in her best, plodding along leading a cow. It looked as if that was everything she owned in the world. Mixed up with these were soldiers coming out of the fight. A couple of Y.M.C.A. men had a boiler of hot cocoa, and were giving it to the Tommies as they passed. My two wounded Tommies had some, and then I said good bye to them at the dressing station. Well, time is up, so I will have to quit. Remember me to everybody.

Yours Truly
Billy O'Neill.

AT THE REX

For Red Cross Night at the Rex has secured a most laughable comedy-drama "Madcap Madge", featuring Olive Thomas, the former beauty of the "Follies" and "Midnight Frolic" and known as "The Harrison Fisher Girl", who makes her first appearance as a screen star in the new Triangle-luce play, "Madcap Madge", has more than a pretty face to catch the public fancy on the front page of a magazine or fascinate the tired business man with her irresistible ways. She also possesses a piquant personality and an effervescent humor.

Madge, in the story, is a spoiled child just entering on a life which seems to offer unlimited opportunities for fun. Miss Thomas, Madge, dances gayly through the complications of the play, upsetting the gravity of serious people, producing laughter with gay responsibility. Her entrance on the ballroom floor on roller skates is enough to throw her parents into a panic, but the young men of the party are highly amused and captivated by her antics.

Miss Ella Simpson will have charge of the music.

On Saturday and Monday the feature will be "The Imposter."

"The Imposter" is a story of New York life that involves the adventures of a good and pretty girl cast adrift on the charity of unknown men and women after she has been feted by them as an heiress, through misunderstanding. Several of the situations in the play were staged at the Plaza Hotel in New York, the first time that one of the big hostesses, has permitted its premises to be used for theatrical purposes. In the big rose dining room, the famous marble office and one of the \$20,000 a month suites of the "Under False Colors," the thrilling feature at the Rex Theatre Tuesday and Wednesday

Fredrick Warde has the role of John Colon, a multi-millionaire. The illusion is aided by the fact that his country "home" was the residence of a real multi-millionaire, Henry M. Flager.

The outdoor scenes in "Under False Colors" were taken at the Flager estate at Oriental Point, Mamaroneck, N. Y., and director Emile Chautard picked out some wonderful "shots."

VETERAN THEATRE AND PLAY HOUSE

The House of
Courtesy and Quality

AMUSEMENTS FOR WEEK ENDING JUNE 29TH

Wed.-Thurs. "Reckless Romance" Starring Ruth Arbuckle. Also—"Girl at Home."

Mon.-Tues. Next Week—"Marcella Millions." Starring George Heban.
Wed.-Thurs. "Giving Betty a Chance." Starring Vivian Martin.
Fri.-Sat. "Less Than The Dust." Starring Mary Pickford.

At THE VETERAN

Beauty contests, "favorite actress" contests and other always emphasize the fact that ideals of beauty and attractiveness vary with the varying types of judges—this is fortunate, for otherwise only certain types of women would be liked and there would be great dearth to happy homes. But "all seriousness aside," this contrast and the appeal to different persons of certain widely different beauties is brought out very clearly in "Hearts Desire" between little Pleurette, the peasant girl, and the haughty Helene of the city. Both have been chosen at one time by Paul le Roque, the hero. Which will he take for his wife? See the Famous Players Paramount "Hearts Desire" at the Veteran Theatre and learn the answer on Wednesday and Thursday evening. This week June 19th, and 20.

"The price she Paid," one of the most popular American novels ever written, with Clara Kimball Young, the favorite of all moving picture actresses, will be the Selznick Picture feature offering at the Veteran theatre next Friday and Saturday. The story is that of Mildred Gover, a young woman who has been reared in luxury and finds herself penniless at the death of her father. It is necessary that she make a "good match," and because of the taunts of relatives she is forced to marry a multi-millionaire many years her senior. She finds herself little more to him than a fine piece of furniture which he displays to his friends to gratify his pride, and she leaves him. A former sweetheart provides her with money to enable her to study an operative career, but she makes little progress, until another man Donald Keith, shows her that success is to be reached only through self denial. She then learns that she never was legally the wife of the multi-millionaire, as he had a wife in an insane asylum. Finally she achieves her ambition and is free to marry the man of her choice. This picture was directed by Char-

BREAKING PLOW FOR SALE

Alex Ledingham, returned Veteran, will be the constable at Gull Lake this season.

Fewer than fifty persons were drowned or killed as a result of the submarine attack on the American coast. So far as losses in vessels are concerned nothing but coastwise craft were attacked. Altogether the demonstration was a futile one for the enemy.

Road Building Demonstration

"Road building the efficiency way" was demonstrated at Lacombe on Friday and Saturday last, when the first pair of Adam's Twin Graders, using tractor power were put in operation on roads near town. Two miles south of Lacombe were graded, and the machines are now working on a stretch of 2 1/2 miles north. The graders are drawn by a 30-60 horse-power Rumley Oil Pull Tractor, provided by the Rumley Co. The demonstration was witnessed by a large number of farmers and was considered most successful. It is also a great demonstration of the pulling power of the Rumley Oil Pull Tractor. This is a most powerful engine, and has power to "burn." It pulls the two 12 foot graders with the greatest ease through bad ground and evidently cannot be given a load it cannot handle.

The Advance Rumley Thresher Co. was represented by James McAllister, assistant branch manager Calgary; W. H. Vye, travelling salesman, and W. R. Dixon, expert. The Adam Ditcher Co. was represented by D. A. Stringer, O. E. Olson, W. J. Demmon.

It would require a personal inspection of the machinery in action to thoroughly understand the special equipment which is to do away with the horse graders and plows which have heretofore been used in road building in this province. The new graders, which are made by the Adam's Co. of Indianapolis, are of heavy construction, and are so built that the wheels can be set at any angle, as can also the big twelve foot blade. The graders are set one behind the other so that the earth moved by the first is taken by the second grader and moved towards the crown of the road. The heavy construction allows for using the graders not only as graders but also to dig up the earth, thus doing a work with the ploughs. One of the notable features of the graders is the device which makes it possible to keep them in their proper position.

In starting to make a new road the machines travel along the ditch side, going up one side and down the other, scooping out a ditch, and moving the earth towards the centre. On the second round the machine travels over the same ground, deepening the ditch. On the third round, the outside machine travels about three feet from the ditch and the second machine moves the earth to the centre of the road forming a crown.

A new feature of the new equipment is that the heavy engine packs the grade at the same time, breaking down the soil. As the engine can be made in three rounds As the engine travels at a speed of two miles an hour, it is possible to build three miles of road daily, as against one mile built by the sixteen horse outfit of the old kind. Three or four men can handle the new outfit. Thus not only are teams released for work on the farms, but the cost is cut at least one half. It is figured that a mile of road can be built under the new plan with \$50.00 or probably a little less while the government has always counted on a cost of \$100.00 a mile with horse drawn equipment.

THE RIMBEY SALE

Of course you cannot forget the Y. M. C. A. and Red Cross sale to be held at Rimbey on Saturday, 22nd. We are trying to make this the biggest sale yet held in Alberta. You are anxious to do your bit, so bring your donation and come to the sale. Anything valuable will be gladly accepted. Rimbey district in the past has not done as much financially as other districts. Let us be in the back-ground no longer but come to the front with our money. The Rimbey boys are doing with their lives. He who remains at home enjoying the freedom the boys are giving their lives to maintain, should not withhold that which should be theirs a little comfort over there. If you are too far out for the soliciting committee to reach you, be a soliciting committee for your community. Tell your neighbors about it and bring along your own donation and attend the sale. Remember, too there are going to be many white things to sell. In addition to last week's list we add a log from Mrs. Coverdale, half a dozen hats from Mary (the) leather covered cushion from Mrs. Bloxam, of Iowa, fancy work from Mrs. J. (the) Now Come along and help make this a grand success for the sake of the boys over there.

A reception will be held in the Hall, on Tuesday next, the 25th inst., which will have for its main objective the interests of the Y.M.

C.A. work. Everyone, old and young alike, is invited to attend this home-like free and easy social gathering, when an explanation will be given and an opportunity to assist in its organization. Come and hear all about it. The governor-general may not be present but other friends who know will be there.

A RAFFLE

The St. John's Ambulance Association are holding a raffle in aid of the funds of the Society. 1st prize, a ladies night gown. 2nd prize a cushion. 3rd prize a fruit cake.

The above are shown at the McDermid's Drug Store, where tickets can be purchased for ten cents each.

IN THE DISTRICT COURT OF THE DISTRICT OF RED DEER

BLACKFALDS RED CROSS

The Blackfalds branch of the Red Cross society acknowledges with thanks the following contributions.

Mrs. Elmer Sampson \$2.00
Mrs. S. H. Farewell \$2.00
Mrs. N. A. Burns \$1.00
The following shipment of goods was made to Calgary this week:

22 pairs knitted Sox.
12 suits pyjamas.
9 soldier's booklets, made by the children of the Primary School.
A well attended meeting of the society was held at Mrs. Bailey's on Wednesday, June 12th. The next one will be at the home of Mrs. Matthias, on Wednesday afternoon, July 10th.
Mrs. L. A. Hill See-Treas.

O. BOODE FINED

Ole Boode, Nanton Street's leading diamond merchant and seller of automobiles, went up against the law at Alix the other day, and left that thriving burg a loser by some \$10. It appears that Ole was selling a car in Alix, and forgot to bring the number plates with him. The lynx-eyed minions of the law got next to the fact, and as real money looks good now-a-days, Ole was pulled and fined the above amount. He has laid in a full stock of Number Plates now, and will not get caught again.

**Canada's Registration**

Its Purpose and Application

CANADA faces the gravest crisis in her history. Four years of war have taken from the Dominion a heavy toll in talent and labor, yet despite the shortage of man power, our Allies still depend on Canada to maintain her own fighting forces at full strength and to increase her exports of food and war materials, so vital to them, and to the successful prosecution of the war.

Every ounce by which Canada can increase her food production and every ounce Canada can save in her food consumption is needed for export to the Allies.

Should the war continue for another year, food cards and a rationing system may have to be instituted. It is the duty of Canada to be prepared for whatever situation circumstances may force upon her.

It is quite probable that before the war is won our Government may have to place restrictions upon the occupations in which men and women may engage. In such an event the Government wishes to be in a position to render all possible assistance in keeping our population usefully and profitably employed.

Registration Day, June 22nd

These conditions point to the necessity of Canada knowing the exact capabilities of her men and women at home.

All persons residing in Canada, male or female, British or alien of 16 years and over, will be required to register on June 22nd and truthfully answer the questions set forth upon the registration card.

It is not the Government's intention to conscript labor in any form, but to assist in directing it wisely.

so that every available unit of human energy may be utilized to the best advantage.

The information procured through registration will be used — as an aid to the Military Authorities in procuring the men necessary to maintain "Canada's First Line of Defence" — to mobilize all units of available labor in the Dominion and direct them from less essential to more essential occupations — to establish and intelligently administer a system of food rationing should that become necessary.

Issued by authority of **Canada Registration Board**

NOTICE TO ADVERTISERS
Commencing on June 1st we have been compelled to advance our advertising rates 10 per cent. We are forced to do so on account of the tremendous advance in the price of paper and ink, and everything else connected with printing. Paper has advanced over two hundred per cent. in the last two years and other material in proportion. This week we have been notified by the mills that common paper that is this paper we print the Western Globe on, has been advanced \$20 per ton on June 1st, and as we use in the neighborhood of 2 tons of this commodity a month it will be seen that this raise hits us pretty hard. As soon as conditions change for the better we will be pleased to reduce our rates to those previously charge.

McKAY-PETRY

The home of Mr. George W. Petry, an Aspeland school district, was the scene of one of the interesting June weddings for this year. Wedding took place at the hour of high noon. The bride being Miss Mary Coela Petry and the groom Mr. Robert McKay, who were attended by Miss Petry's younger sister of the bride, as bridesmaid, and Mr. James McKay, younger brother of the groom as groomsmen. The ceremony was performed by the Rev. W. B. Brown, of Red Deer, in the presence of the immediate relatives. The bride received some handsome wedding presents, among them a case of silver knives, forks, and spoons, etc. Mrs. Petry and her able assistants spread a bountiful and dainty wedding dinner. The bride and groom and their families are well known and highly respected in the district. The family being one of the honored pioneers of the Blackfalds district. If an ideal wedding day, the pleasure of a wedding trip to Denver Colorado and the good wishes of their friends help make a happy home, then Mr. and Mrs. Robert McKay ought to have a happy home on their farm in the Blackfalds district.

EXPROPRIATION OF ALL STOCKS FOOD URGED BY THE ASSEMBLY

London, Ont. June 6.—Home mission and social service night of the general assembly of the Presbyterian church measured up to the best traditions of the past. Dr. Peter Strang brought a message of splendid progress from Saskatchewan, where he is superintendent of missions. Rev. Dr. Shearer told of the accomplishments and progress along the lines of social welfare, legislation and reform. A speaker who made a deep impression was a missionary of foreign birth, Rev. A. J. Heironen, of Copper Cliff, who is working among thirty thousand people of his own nationality, the Finns, in Northern Ontario, who have settled there. Capt. Principal C. McWinnon, declared that the compulsory service was the grandest thing in the Canadian army. "It is a libel on soldiers," he said "to say they do not prize religion and truth. The men are earnest and reverent." Food controller Thompson was unable to attend, but was represented by G. W. Jones, who commended the work the clergy is doing

ing to assist conservation. The big problem of the food board, he said is securing labor to relieve the farmer and impressing upon people at large the absolute need of saving food. He urged that church socials be arranged so as not to cause the eating of an extra meal.

Dr. Shearer declared the greatest work of the social service department had not been brought about by legislation, but by the awakening of the public conscience. Resolutions relating to social problems of Canada were adopted by the assembly this afternoon. These resolutions urged the expropriation of all existing stocks of food, the sweeping away of "the last vestige of graft and bribery" the strictest observance of the Sabbath, and the limitation of the ravages of venereal diseases, one of the resolutions severely censured the senate for its rejection of certain additions to the criminal code.

There is a large number of overtures calling for a substantial increase in salaries of ministers. These overtures will be submitted to the special committee. Rev. William Shearer, district superintendent of missions for central Alberta, has submitted his resignation of the position. The assembly expresses regret in having to accept the resignation.

CATHOLIC PRIESTS CANNOT FIGHT

Quebec, June 6.—"The priest, who is a minister of God of Peace has not the permission to shed blood," says Cardinal Begin, through his secretary Canon Laberge, in a letter addressed to the Quebec Telegram which published an item to the effect that he had received applications from thirty or so local priests, asking that they be allowed to go overseas, either as chaplains or as combatants. "Catholic Priests" said the cardinal "are very desirous of accompanying soldiers right up to the firing lines in order to comfort them by their counsels, to provide for them the consolation of the Catholic faith and even go into the thick of battle itself to administer the last sacraments. This is really the role and duty of the Catholic priests. But it will be hard for you to find a catholic priest so forgetful of his sacred character to take up arms and fight as the priest. The priest, a minister of the God of Peace, has not the permission to shed blood. The law existing in certain countries which force the priests to become soldiers is as impious as it is sacrilegious and formally in opposition to the order established by God."

CONSOLIDATED SCHOOLS

Mr. Barron, Supervisor of Consolidated schools in the Province, submitted the following report to the Clive Women's Institute regarding consolidation at that point. "I beg to advise that the question of Consolidated Schools at Clive has been carefully thought over, and from the information contained in the map submitted there would seem to be a possibility of a strong effective consolidated school at that point, the districts to include Clive, Westing Turville, Sargent and Eclipse, excluding from the latter district

A CRIPPLE FOR THREE YEARS

Helpless In Bed With Rheumatism Until He Took "FRUIT-A-LIVES".

MR. ALEXANDER MUNRO

R.R. No. 1, Lorne, Ont.
"For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit. Finally, I decided to try 'Fruit-a-lives'. Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down. I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

ALEXANDER MUNRO.
Box a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

the west half of 25, south halves of 34 and 35, and the south-west quarter of 36, township 39, range 25. The deduction of this territory would square off the district and reduce haulage. There appears to be a school population of 161 at present in these districts, with 82 children under school age.

This enrollment would possibly necessitate a staff of five teachers. You will no doubt require six conveyances, but I am of the opinion that many of your routes could be covered by a special type of conveyance the department is using to advantage in other consolidated districts. This conveyance gets the children to school quickly and reduces the cost of transportation considerably. If the subject of consolidated schools is still earnestly considered, I shall be pleased to visit your district again and go into all details with you. In the meantime permit me to say that in my opinion, with the hearty co-operation of the districts and the earnest desire to improve the educational facilities of your community a strong consolidated school could be established at Clive which would tend to enhance the social and community life of the district."

STRAY STALLION IMPOUNDED

In the Lacombe pound one black 3 year old stallion. Owner will claim animal at once or he will be sold for the expenses. D. Flewelling, Pound Keeper.

NOTICE TO CREDITORS

WHERE DO WE STAND?

There is no use sticking our heads in the sand regarding the whole labor situation. Now that seeding is over, it is time to think and plan regarding the help problem for harvest and threshing. If we are blessed with good crops, as we sincerely hope to be, it means a great deal more help will be needed than we see in sight at present. Then we understand that the coal operators are now looking for additional help, to speed up greater coal production, so as to keep their full part in helping "keep the home fires burning" during the coming winter.

Will there be labor troubles in the coal mines is a question we have been asked more than once during the last few weeks! That is something no one can answer, but anyone sensed to the gravity of the responsibilities which the war has forced upon civilization would surely think that those in high places among the various labor unions would do their best to see to it that labor in common with the valor and patriotism of those who are fighting our battles would do her full part to protect and defend our land and for whom so many of our bravest boys have donned the khaki to perform their full duty, even to the last great sacrifice. Labor must not fail. If it does, labor's cause is lost. Anyone who has studied history and knows the temper and methods of our opponents must realize that if such an unthinkable thing were to happen as for them to win, the cause of labor would be lost for centuries. The revelations of the past few years have made it plain to those who love liberty that to enjoy it we must make sacrifices for it—fight for it. If there be those among us who are inclined to hesitate, these should remember that those who have joined the colors are making far, far greater sacrifices than are we who remain at home. In defence of the country, they have accepted the call, upon terms fixed by the country itself. Yet in all that vast throng, we venture to say there is not one, even though the rules of war did not forbid, who would throw down his rifle and walk out of the ranks pending adjustments of differences. They would not do it because in their patriotism they would not imperil the safety of the nation. Our greatest need today is, that this same spirit shall prevail in every department of our industrial life.

Our fighting men, along with those of our allies, are vigilantly guarding our happiness 24 hours of the day, so surely the least that might be expected of those of us who, in the apparent fitness of things, for whatever reason, finds his work in the home and will be willingness, yea anxiety, to work diligently fractional part of the day. There are times and places when necessity calls for a speeding up of efforts, and there could be no time more urgent than now. Let us each see that we do our full part towards "speeding up" whether it on the farm, in the mine, the work-shop or the office. The boys in the trenches are pulling the triggers incessantly, let us by honest and faithful well-directed labor do our full part to keep time with the rattle of their guns.

STRONG CRITICISM

Stockmen of the Coronation district have lost so many cattle recently that they got together the other week and organized the Farmers' Protective Association. The purpose of the new organization is as the name implies, to act in some sense as a vigilance committee for the protection of the livestock of the district. In addition, it was decided to offer rewards of considerable amounts for information leading to the arrest and convictions of cattle thieves. The action of the part of the farmers of Coronation district should cause provincial police authorities to do some tall thinking. During the regime of the R.N.W.M.P., in Alberta farmers and stock raisers had reasonable assurance that sooner or later they would recover their stock taken from their herds. The mounties had a way with them that was very effective in this direction and succeeded in making cattle rustling such a dangerous business that it ceased to be attractive. Since their withdrawal these seem to have been a renewal of the illegal industry.

The provincial force has been in operation long enough now to have gathered up the lines left by the mounties and proven itself as competent a body of law enforcers as its predecessors. Unfortunately, however, the provincial force has not been given a fair chance to make good. The direction from Edmonton has not been all

that could be desired, to put the case in the most charitable light. Neither has it been recruited up to strength; it should be to do really effective work.

An ineffective force is worse than none at all. Unless it does its work effectively the money spent is wasted. It is evident that the farmers and stockmen of Coronation districts have reached the conclusion that they must act as their own police officers for the protection of their own property. Their action is the strongest criticism that has yet appeared concerning the management of the provincial police department by the Edmonton authorities.

UNDER BRITISH MAN POWER BILL FARMERS ARE NOT CALLED UP (Special London Dispatch to The Montreal Star)

The minister of National Service Sir Auckland Geddes, has issued a statement in respect to the first call of the men now liable to military service under the man power bill. The first call will include men born during 1874-75 and will be issued at an early date. The statement explains that the men will be called up in groups according to ages. Men who are of the new military age, and who are registered as working in one of the following occupations, will not be called for the present: Agriculture, government constructional work, aerodrome construction, mines, munitions, railways and transport and shipbuilding. Men who are in certified occupations also are protected.

No man will be called for service until he has been medically examined, and every notice calling up an older man for service will give fourteen days notice of the time and place at which he is to report. For the time being, however, men of the new military age will not be called up for service, unless in grade 1 or grade 2. It is proposed subject to military exigency, to post the men in grade 1 to regiments as follows: Combatant service, home defence, infantry and garrison battalions at home and abroad. Royal Field Artillery and Royal Garrison artillery at home.

Grade 2—Auxiliary services at home and abroad, such as Royal Army Medical Corps, Army Service Corps, motor and horse transports, remounts, supplies etc. Army ordnance corps, Army Veterinary Corps, Inland Water transport and Dock, Railway Corps, roads and quarries. Such men will also be posted to the Royal Air Force for duty with the squadrons.

Men of the older ages who are called up, will have the usual opportunities of becoming officers in the various services in the army for which they are suited.

FOUND CHILDREN SHEER SKELETONS

Paris, June 13—(Havas Agency)—Germany, although attacking on western front, is starving, says the Echo de Paris. An article appearing in the Berlin Arbeiter Zeitung relates the details of six children starving to death in an orphanage at Zenfot, Thuringia.

The orphanage was found to have been ransacked by its starving inmates and physicians who visited the place found several children sheer skeletons.

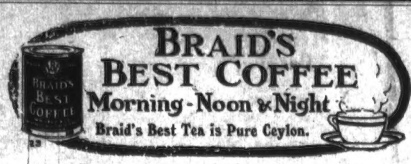

Prof. Franz E. Hein, a widely known economist, writing in the Dayerischer Zeitung of Munich, warns the Germans that the coming weeks will be harder than any that have passed and professes to see a general paralysis in the supply of wheat.

SHOULD TELL OF CHANGE OF ADDRESS

Much trouble has been experienced as Registrar Carson's office through the failure of men in class one to notify the registrar of change in address, and the registrar wishes to point out that any man failing through his own neglect to receive his order to report in is liable to arrest and punishment. The department is doing all in its power to locate men in order that it may be necessary to arrest them but it causes a great amount of extra work, detail and expense.

The officials who have at heart the welfare of the wounded soldiers in the Military Hospital and Convalescent Home in Edmonton, have arranged for a display at the Edmonton Exhibition, July 8th to 15th, which will include a Red Triangle hut and a model tank.

A news dispatch says the revolt of the Ukrainian against Teuton rule is spreading daily. As it started many weeks ago we may assume that the "spreading" process is quite as speedy as that of molasses in mid-winter.

Gibson—Rainforth. That the meeting be adjourned to call of secretary.

J. M. Douglass, Chairman
E. W. Simpson, Sec. Treas.
M.D. "Crown" No. 399.

SOME FARMERS ALARMED

We notice that the Organized Farmers at a meeting held a few days ago, passed a resolution in which "they viewed with alarm the fact that men were being taken from the farms to re-inforce the troops in the battle lines. And this 'view of alarm' comes right

at a time when the life of our empire is at stake; at a time when our country is in the direst peril. Not all our farmers 'view with alarm' the taking of the men from the farms at this time of necessity. We venture to say that more than ninety nine per cent of the "alarmed ones" are men who are opposed to the Union Government in its determination to provide troops to reinforce our men now "over there." It is time they "forgot it."

We in towns and cities should do some of this 'view with alarm' business. 'The towns and cities have a real cause of alarm. Every business is being jeopardized by the taking of our skilled men. Every business is running undermanned and with unskilled men. Many of our businesses have been compelled to make up a staff from unskilled girls and old men. And yet we have not heard our business men making a howl to the government. And individually our business men have as much at stake as the farmers.

The government says, and we believe it, that men for the troops are at the present more necessary than men for production. There will be no need for production if our soldiers are not victorious on the battle fields of France. The farmer should be prepared to take his part in the defence of the Empire equally with those who live in the towns and cities.

ALL TOGETHER FOR LAST DRIVE

Canada is about to gather her available resources for the last great drive that shall send the Hun reeling from the conflict into which he plunged the civilized world four years ago. She proposes to lay the foundation for this ultimate effort by taking an inventory of the man power of Canada, and has set aside Saturday, 22nd of June, as the day upon which all persons, male and female of sixteen years and over, must register and make declaration as

to the useful kind of work in connection with which their services might be utilized.

The information that registration will provide will constitute a solid basis upon which the Government can intelligently formulate and put into execution all its war policies. After registration the government will have a clearer conception of the capabilities of the country for production; they will know how much of Canada's human energy is being uselessly expended. Knowing all these things they will be in a position to bring their full weight to bear upon the issue in the disposal of which every ounce of energy will count.

The registration of 5,000,000 men and women in a day is in itself a difficult task, but Canadians can be relied on to meet it as they meet every major task imposed by the war.

MASONIC SERVICE

The annual masonic service of Eureka Lodge No. 10, A. F. A. M. will be held in Methodist church on Sunday evening, 23rd June. Brethren are requested to meet at the Masonic Hall not later than 6:30 p.m. Visiting brethren are specially requested to attend. Rev. Bro. Hollingsworth will conduct the service. 412-2c.
